

CHIEF NATIONAL GUARD BUREAU INSTRUCTION

NG-J3/7
DISTRIBUTION: A

CNGBI 3501.00
Issued 08 July 2014
Expired 08 July 2019
Validity extended to 15 December 2020

WEAPONS OF MASS DESTRUCTION CIVIL SUPPORT TEAM MANAGEMENT

References: See Enclosure C.

1. Purpose. This instruction establishes policy and assigns responsibilities for the management and employment of Weapons of Mass Destruction Civil Support Teams (WMD-CST) in accordance with (IAW) reference a.
2. Cancellation. This instruction supersedes the policy and assigned responsibilities defined in National Guard Regulation 500-3/Air National Guard Instruction 10-2503, 09 May 2011, "Weapons of Mass Destruction Civil Support Team Management."
3. Applicability. This instruction applies to all elements of the National Guard Bureau (NGB) and WMD-CSTs. This instruction does not apply to National Guard (NG) forces serving under the provision of reference b.
4. Policy. It is NGB policy that:
 - a. WMD-CSTs support civil authorities by providing a disciplined, well-trained, and well-equipped organization to supplement local, State, and Federal efforts to manage potential catastrophic events, and provide special technical support to augment specific needs of an Incident Commander (IC).
 - b. WMD-CSTs provide initial assessment of incidents, and advise and assist the IC, State Emergency Management, Joint Force Headquarters-State (JFHQs-State), The Adjutants General (TAG), the Commanding General of the District of Columbia (CG), governors, and other key officials, including representatives of Federal agencies. WMD-CSTs are also an integral part of the chemical, biological, radiological, and nuclear (CBRN) Response Enterprise (CRE) and can operate as a component of CRE task forces that may form during a significant event.

UNCLASSIFIED

c. Exceptions to this policy must be consistent with controlling law, regulations, and directives.

5. Definitions. None.

6. Responsibilities. See Enclosure A.

7. Summary of Changes. This is the initial publication of CNGBI 3501.00.

8. Releasability. This instruction is approved for public release; distribution is unlimited. Obtain copies through <<http://www.ngbpdc.ngb.army.mil>>.

9. Effective Date. This instruction is effective upon publication and must be reissued, cancelled, or certified as current within five years of its publication.

FRANK J. GRASS
General, USA
Chief, National Guard Bureau

Enclosures:

- A -- Responsibilities
- B -- Weapons of Mass Destruction Civil Support Team
- C -- References
- GL -- Glossary

ENCLOSURE A

RESPONSIBILITIES

1. NGB. The NGB will monitor and assist TAGs, the CG, and the State NG in providing trained and equipped Army National Guard (ARNG) and Air National Guard (ANG) forces and resources to Combatant Commanders. NGB facilitates and coordinates NG support for homeland security, homeland defense, contingency operations, special events, incidents of national significance, and defense support of civil authorities (DSCA).

2. Chief of the National Guard Bureau (CNGB). The CNGB will oversee WMD-CST policy, requirements, planning guidance, and training philosophy, in coordination with the States, Territories, the District of Columbia, and the following offices:

- a. Office of the Secretary of Defense (OSD).
- b. Headquarters, Department of the Army (HQDA).
- c. National Guard Joint Staff (NGJS).
- d. Appropriate Combatant Commanders.
- e. Army and Air Force Service components.
- f. U.S. Army Forces Command (FORSCOM).
- g. U.S. Army Training and Doctrine Command (TRADOC).
- h. U.S. Air Force Air Education and Training Command.
- i. U.S. Army Maneuver Support Center of Excellence (MSCoE).

3. Director of the Army National Guard (DARNG) and Director of the Air National Guard (DANG). The DARNG and DANG will:

- a. Manage and support Military Occupational Specialty, Air Force Specialty Code (AFSC), and Service common skills training of WMD-CST personnel.
- b. Support WMD-CST unit and collective training exercises as tasked.
- c. Review and approve air travel requests for unplanned WMD-CST air movement.

4. Governors. A governor serves as the Commander-in-Chief of a State NG unit in a non-Federal status. He or she, or a designated representative, is the approval authority for employment of a WMD-CST. The President of the United States is the Commander-in-Chief of the NG of the District of Columbia. Federal Command is exercised through the Secretary of Defense (SecDef) to the Secretary of the Army and the Secretary of the Air Force, respectively, and the CG IAW reference c.

5. TAG, CG, and JFHQs-State. TAGs and the CG will manage immediate response capabilities to provide this first line of defense IAW reference d. Each TAG and the CG will employ resources at the State, Territory, or District of Columbia level consisting of ARNG and ANG forces, IAW applicable State laws, to provide DSCA and assist in managing the consequences of a CBRN or other disasters. Additionally, TAGs, the CG, and JFHQs-State will:

a. Review and validate mission requests and provide mission deployment guidance to the WMD-CST Commander IAW reference a, as amended by the most current statute.

b. Issue command training guidance and direct missions to WMD-CST commanders after receiving input from NGB and the training and readiness oversight (TRO) entities.

c. Review and approve the WMD-CST mission essential task list (METL) and ensure a copy of the approved METL is made available to the Directorate of Domestic Operations and Force Development (NG-J3/7) through the Standardization, Evaluation, and Assistance Team (SEAT) evaluation program.

d. Approve WMD-CST commander-developed training objectives for tasks not published in the unit collective task list or other member training publications.

e. Review and approve the WMD-CST unit training plan, to include a long-range planning calendar, and ensure copies are provided to the Combating Weapons of Mass Destruction Division (NG-J39).

f. Support WMD-CST training exercises at the local, State, and Federal level.

g. Coordinate and assist training support requests for WMD-CSTs.

h. Approve and forward WMD-CST unit status report submissions.

i. Ensure readiness of WMD-CSTs by conducting readiness and compliance evaluations.

j. Support training proficiency assessments (TPA) and training proficiency evaluations for each WMD-CST every 18 months in coordination with the entity having WMD-CST TRO.

k. Ensure conduct of SEAT evaluations within States, and coordinate integration of the Organizational Inspection Program (OIP), as appropriate. Additionally, TAGs, the CG, and JFHQs-State will:

(1) Examine the scope, nature, and frequency of the OIP and other inspections of a WMD-CST and consolidate these inspections, as required, IAW reference e. The OIP will then be scheduled to occur in conjunction with WMD-CST SEAT evaluations to minimize the impact on WMD-CST training and operational readiness.

(2) Schedule SEAT evaluations for WMD-CSTs. Evaluations should be concurrent for all NG CRE organizations within the State, Territory, or the District of Columbia.

(3) Review the final WMD-CST SEAT evaluation coordination memorandum from NGB. As required, coordinate requested JFHQs-State support and exercise the option for a formal information briefing. The briefing should occur approximately three months prior to the scheduled evaluation date.

(4) Ensure primary staff with oversight responsibility for functional areas covered by the WMD-CST SEAT program are present for the information briefing, if requested.

(5) Use SEAT-generated checklists for functional areas covered by the SEAT program. If JFHQs-State conducts the OIP, then directorate-level representatives will serve as evaluators.

(6) Receive an out-brief from the WMD-CST SEAT program evaluation team lead at the end of a SEAT visit to review the results of the WMD-CST SEAT evaluation.

(7) Receive a formal Report of Evaluation from the CNGB. This report covers the WMD-CST SEAT evaluation, not the State-unique OIP results.

(8) Ensure units take corrective action to address deficiencies identified by the WMD-CST SEAT. A corrective action plan (CAP) must be developed for all items that remain a “no-go” at the conclusion of the evaluation.

(9) Review and endorse the CAP developed by the WMD-CST commander, or designate an agent or command to do so. Ensure a copy of the CAP is provided to NG-J39 IAW the formal Report of Evaluation.

(10) Ensure WMD-CSTs receive a standardization evaluation.

6. NG-J3/7. NG J3/7 will:

a. Plan, program, coordinate, and oversee the WMD-CST program and facilitate the channels of communications between the Department of Defense (DoD), and the States, Territories, and the District of Columbia concerning WMD-CSTs.

b. Provide coordinated training policy, requirements, and planning guidance to the States, and Territories, and the District of Columbia.

c. Report to OSD, HQDA, and all other significant WMD-CST operational, training, exercise, and public affairs-related deployments away from home station.

d. Exercise program oversight, which will ensure appropriate and responsible use of program funds, and that standardized training and readiness requirements are established.

7. Chief of the Current Operations Division (NG-J33) and Team Chief of the National Guard Coordination Center (NGCC). The Chief, NG-J33, and the NGCC team chief will:

a. Coordinate efforts of all NGB staff agencies to ensure all support requests are addressed in a time-sensitive manner.

b. Ensure resources required by the NGCC to perform critical tasks associated with filling support requests are requested through appropriate channels and available as needed. NG-J33 will execute approvals by:

(1) Monitoring and tracking WMD-CST activity.

(2) Ensuring the appropriate distribution of information to designated agencies.

c. Receive and record all support requests.

d. Review and assess the availability of a WMD-CST using the Response Management Plan (RMP) and the operational readiness situation report (ORSITREP) data.

e. Determine the appropriate action authority, formulate support options, and make recommendations through the NGCC.

f. Ensure accuracy of WMD-CST information in all briefing updates and maintain a continuity book. The NGCC team chief will ensure that time-sensitive support requests presented to the NGCC are resourced to meet the time requested, and will assist with the coordination of time-sensitive air and maritime transportation requirements and requests.

8. Future Operations Division (NG-J35). NG-J35 will review and approve requests for WMD-CST air movement.

9. Joint Training and Exercise Division (NG-J37). NG-J37 will provide guidance for joint training, exercises, and education to ensure appropriate and responsible use of program funds and that standardized training and readiness requirements are included in the planning and development of Special Focus Events.

10. NG-J39 and WMD-CST Program Branch. NG-J39 and the WMD-CST Branch will:

a. Establish and manage the certification processes IAW DoD guidance.

b. Exercise program oversight, which will ensure appropriate and responsible use of program funds, and ensure that standardized training and readiness requirements are established.

c. Establish mechanisms to obtain and evaluate feedback relevant to WMD-CST doctrine and WMD-CST management programs and policies obtained through the SEAT evaluation program.

d. Develop standards and conditions for WMD-CSTs national response coverage plan.

e. Ensure that processes are established to validate and execute support requests originating from State or Federal agencies. The WMD-CST RMP will be used to identify and task WMD-CSTs to execute support for these requests.

f. Approve, resource, and support appropriate and approved training plans and programs.

g. Manage individual training programs and school allocations for WMD-CSTs through ARNG and ANG directorates.

- h. Make available any NGB Distance Learning capabilities to support the WMD-CST program.
- i. Manage, assess, and validate the training and readiness of WMD-CSTs, in conjunction with TAGs, the CG, appropriate Unified Commanders, FORSCOM, TRADOC, and MSCOE.
- j. Establish a standard WMD-CST Joint METL (JMETL) for publication to WMD-CST commanders.
- k. Review State-provided METL for each WMD-CST.
- l. Develop procedures to track and report WMD-CST unit-level participation in operational and training missions.
- m. Review and forward unit status reports and operational readiness submissions per established procedures.
- n. Identify the need for new policy and doctrine requirements or revisions, and ensure that approved revisions are implemented into SEAT program objectives, evaluation schedules, checklists, and briefings.
- o. Oversee and assist in the conduct of WMD-CST readiness and standards compliance inspections to ensure the WMD-CST program is standardized.
- p. Forward lessons learned to designated organizations and centers.
- q. Exercise oversight and administrative control of the SEAT program to ensure that the policies, requirements, evaluations, and other administrative matters are IAW appropriate regulations and instructions.
- r. Coordinate with States, Territories, and the District of Columbia to develop an annual schedule of WMD-CST SEAT evaluations.
- s. Coordinate with TAGs and the CG to schedule and ensure SEAT evaluations are synchronized with State-administered OIP and other major training and operational requirements.
- t. Forward the program's final coordination memorandum to TAGs and the CG, approximately six months in advance of the agreed-upon evaluation date. The memorandum will confirm the evaluation dates, request JFHQs-State assistance as required, and offer the TAGs or the CG the option of a formal information brief provided by a NG-J39 action officer covering the specifics of the evaluation.

- u. Ensure WMD-CSTs receive evaluations.
- v. Consolidate the evaluation results and forward Reports of Evaluation to TAGs or the CG through the Director, NG-J3/7.
- w. Ensure that the WMD-CST SEAT Program continually sets high standards for mission accomplishment and team representatives remain technically proficient to deliver quality briefs and reports.
- x. Develop and validate, where appropriate, all doctrine and policies related to the WMD-CST SEAT program.
- y. Approve all WMD-CST SEAT travel expenses.
- z. Review SEAT functional area checklists.
- aa. Provide a SEAT trend analysis briefing to NGJS and WMD-CST commanders on a semi-annual basis or as needed.

11. Directorate of Logistics (NG-J4). NG-J4 will:

- a. Provide logistical support for all Table and Distribution Allowances (TDA) Supplemental III equipment and serve as the liaison to resolve all standard military equipment issues during emergency and non-emergency operations.
- b. Resolve logistical support request conflicts submitted to NG-J33 in coordination with NG-J39.
- c. Have overall responsibility for the Consequence Management Support Center (CoMSUPCEN), in coordination with NG-J39.

12. Directorate of Resource Management and Comptroller (NG-J8). NG-J8 will:

- a. Advise the CNGB, the Vice Chief of the National Guard Bureau (VCNGB), The Special Assistant to the Chief of the National Guard Bureau, and NG-J3/7 on resource-related matters affecting WMD-CSTs.
- b. Analyze and evaluate WMD-CST programs for effectiveness, alternatives, and efficiencies.
- c. Coordinate WMD-CST requirements and assessments of capabilities.
- d. Work with MSCoE in the development and coordination of capability documents and assessments affecting WMD-CSTs. Advocate WMD-CST needs,

solutions, and positions to the Joint Requirements Office for CBRN Defense (JRO-CBRND) and Joint Capability Integration and Development System.

e. Represent WMD-CST requirements in Chemical and Biological Defense Program (CBDP) planning, programming, budgeting, and execution (PPBE), in coordination with the Department of the Army (DA) Full Dimension Protection Division, who is the executive agent (EA) for the CBDP.

f. Represent WMD-CST needs and positions in CBDP research, development, and acquisition (RDA) processes in coordination with the EA CBDP and MSCoE.

g. Support development and advocate WMD-CST requirements in the DA and the Department of the Air Force PPBEs, in coordination with MSCoE and NG-J3/7.

h. Represent WMD-CST needs and positions in the DA Research and RDA processes in coordination with MSCoE and NG-J3/7.

i. Support development and advocate WMD-CST requirements in the Countering Nuclear Threats (CNT) PPBE and represent WMD-CSTs needs and positions in CNT RDA processes run by the Assistant Secretary of Defense for Nuclear, Chemical, and Biological Defense Programs in coordination with MSCoE and NG-J3/7.

13. Office of the Joint Surgeon General (NGB-JSG). NGB-JSG will:

a. Review WMD-CST Health Care Provider (HCP) individual training requirements, continuing medical education, professional qualifications, and required certifications or re-certifications and recommend courses of action to NG-J39.

b. Review WMD-CST requests for exception to policy submitted to NG-J39 pertaining to WMD-CST HCP clinical skills sustainment and recommend approval or disapproval.

14. JFHQs-State. JFHQs-State will:

a. Ensure that State emergency operations center (EOC) personnel are familiar with this instruction, provide orders and reports, ensure that all missions are validated, and immediately notify the NGCC of all WMD-CST response and training missions.

b. Direct EOCs to make information available to the NGCC to reconcile reports and documentation pertaining to WMD-CST missions and training.

15. United States Property and Fiscal Office (USPFO)/Directorate of Logistics (DOL). USPFO/DOL will:

a. Ensure command supplies discipline IAW all applicable Service-specific policies and procedures, and the CoMSUPCEN standard operating guidelines (SOG).

b. Account for all aspects of property for WMD-CSTs.

16. CoMSUPCEN. The CoMSUPCEN will:

a. Establish, publish, and maintain procedures to track and manage warranties.

b. Establish and publish procedures to track and manage maintenance request work orders.

c. Preserve, package, pack, and mark all items shipped from the CoMSUPCEN to users.

d. Receive all equipment and enter identifying information, such as serial number, part number, national stock number, description, status, and current and projected location, into a CoMSUPCEN tracking database.

e. Resolve deficiencies when users receive incomplete or inoperable WMD-CST assets from CoMSUPCEN.

f. Track, control, and coordinate equipment improvement requests.

g. Maintain copies of training materials, the CoMSUPCEN SOG, and copies of all baseline commercial-off-the-shelf (COTS) technical manuals that are provided with equipment listed in the CoMSUPCEN, and maintain these manuals with applicable published changes.

i. Maintain the approved configuration of WMD-CST vehicles and modifications made to them.

j. Determine the cost of a failed or damaged CoMSUPCEN Supported Equipment item or designate it as Beyond Economic Repair (BER). If designated BER, the CoMSUPCEN will demilitarize the component, and salvage and disposition repair parts as directed. Send the residue to the Defense Reutilization Marketing Office for disposal.

k. Receive all requests for supplies and maintenance for TDA Supplemental III equipment.

17. WMD-CSTs. WMD-CSTs will:

a. Perform duties in a Title 32 status in support of emergency preparedness programs to prepare for or respond to any emergency involving:

(1) The use or threatened use of WMD IAW reference f, in the U.S. that results, or could result, in catastrophic loss of life or property.

(2) A terrorist attack or threatened terrorist attack in the U.S. that results, or could result, in catastrophic loss of life or property.

(3) The intentional or unintentional release of nuclear, biological, radiological, toxic, or poisonous chemical materials in the U.S. that results, or could result, in catastrophic loss of life or property.

(4) A natural or man-made disaster in the U.S. that results, or could result, in catastrophic loss of life or property.

b. Perform response operations only after they are certified by the SecDef IAW reference a. Certified WMD-CSTs are capable of conducting assessments, response operations, and can provide technical, consultative, and analytical support for a CBRN incident. Further detail on WMD-CST capabilities and doctrine can be found in reference g.

c. Execute missions IAW orders generated from JFHQs-State. WMD-CSTs will coordinate support requests internally and ensure that JFHQs-State are notified and that mission validation procedures are used when outside agencies contact the unit directly. WMD-CSTs will provide situation reports (SITREP) and after-action reports through JFHQs-State to NGCC.

d. Use a government purchase card to locally procure expendables and consumables IAW approved policy and the CoMSUPCEN SOG. Requirements for end items and expendables not available locally will be submitted to the USPFO/DOL for action.

e. Follow Army training doctrine for Active Component (AC) units due to their full-time status. All WMD-CST training will be IAW the training management principles in references h, i, j, and the Army Training Network (ATN).

f. Review and develop WMD-CST METL IAW reference i and the ATN.

- g. Submit METL to TAGs, the CG, or their designated agent or command for approval.
- h. Develop and submit to TAGs, the CG, or their designated agent or command for approval of a unit training plan, and publish a long-range training calendar IAW references i and j and the ATN.
- i. Review, approve, and prioritize resourcing of internal training plans, to include management of the annual training budget submission, the current year WMD-CST Yearly Planning Guidance (YPG), and this instruction.
- j. Protect training time and resources from distractions.
- k. Ensure that unit personnel accomplish individual training, and accurately annotate completion of all directed WMD-CST technical and individual certification or recertification training in the ORSITREP.
- l. Certify the unit's capability to accomplish assigned missions to TAGs or the CG.
- m. Publish a short-range training calendar seven weeks out and adapt the calendar as necessary to take advantage of available training events.
- n. Conduct weekly training meetings.
- o. Develop, plan, coordinate, manage, execute, and evaluate individual, leadership, staff, section, and unit training.
- p. Publish training schedules using the Digital Training Management System IAW the ATN.
- q. Conduct pre-execution training checks IAW AC standards at least four weeks prior to training. Provide an electronic copy of the WMD-CST Quarterly Significant Activity Forecast to JFHQs-State and NGCC quarterly, and update the report monthly.
- r. Establish a maintenance program IAW references l and k to ensure all equipment, including COTS equipment, is serviced and maintained IAW applicable operator, technical, and manufacturer manuals.
- s. Support the Civil Support Team Working Group process IAW published guidance.
- t. Develop a CAP based on readiness and compliance evaluations. Submit the CAP to TAGs, the CG, or their designated agent or command for approval per the formal Report of Evaluation.

u. Maintain individual training records for all WMD-CST members IAW reference m.

v. Establish internal controls and develop standard operating procedures (SOP) to incorporate applicable military or civilian laws, regulations, and policies within the unit. WMD-CSTs will ensure that a detailed administrative SOP is developed for each of the functional areas evaluated by the SEAT.

w. Participate in the SEAT evaluation program. Additionally, WMD-CSTs will:

(1) Coordinate with TAGs, the CG, or intermediate commanders to ensure that State OIP and WMD-CST SEAT evaluations are scheduled on unit long- and short-range calendars, and synchronized with other CRE organizations within the State, Territory, or District of Columbia.

(2) Ensure that WMD-CSTs receive an evaluation.

(3) Attend an out-brief given by the WMD-CST SEAT Program Team Lead upon completion of the evaluation.

(4) Ensure that corrective action is taken after the evaluation.

(5) Provide subject matter experts for SEAT evaluations of other WMD-CSTs as operational and training requirements permit when requested and available.

18. External Organizations. NGB is responsible for working with external organizations listed below to facilitate and verify these responsibilities are being performed IAW responsibilities assigned by the Deputy SecDef.

a. FORSCOM. FORSCOM has TRO for WMD-CSTs that are uncertified. Therefore, Army North (ARNORTH) will provide TPA results for WMD-CST certification to FORSCOM and JFCOM. These results will be included in TAG or the CG certification requests.

b. ARNORTH and U.S. Army Pacific (USARPAC). ARNORTH and USARPAC:

(1) Support U.S. Northern Command and U.S. Pacific Command in the training evaluation and training support of assigned WMD-CSTs, when requested and approved.

(2) Provide recommendations on the development of training and readiness programs.

- (3) Comment on program recommendations and budget requests.
- (4) Obtain and review readiness evaluation reports.
- (5) Ensure standardization of collective training requirements.
- (6) Provide necessary funding and manning.
- (7) Review training requirements for WMD-CSTs.
- (8) Support training exercises (Federal and State levels) involving WMD-CSTs as requested or directed, and as resources allow.
- (9) Coordinate training requirements with TRADOC and NGB.
- (10) Plan, coordinate, and execute initial collective lanes training for new teams.
- (11) Identify WMD-CST training issues to NGB and other organizations as required.
- (12) Coordinate scheduling and conduct a TPA for unit collective task list standards every 18 months.
- (13) Assist NGB in developing of the JMETL and WMD-CST YPG.
- (14) Review, support, and assist in developing of training plans for WMD-CSTs.
- (15) Coordinate, plan, and execute annual lanes training for WMD-CSTs, as requested by individual WMD-CSTs.
- (16) Identify any training shortfalls to NG-J39 that could impact a WMD-CST mission accomplishment.

c. MSCoE. MSCoE:

- (1) Functions as the specified proponent and integrating agent for the WMD-CST program as identified by TRADOC and directed by the Department of the Army Operations and Plans Directorate.
- (2) Conducts doctrine, organization, training, materiel, leadership and education, personnel, and facilities analysis of WMD-CST requirements.

(3) Provides design, development, and training support for the WMD-CST.

d. Joint Program Executive Office for Chemical and Biological Defense (JPEO-CBD). JPEO-CBD in conjunction with JRO-CBRND:

(1) Performs the combat development processes required to maintain capability of CBDP equipment.

(2) Performs total life-cycle management for CBDP equipment.

(3) Proposes new, refresher, and sustainment training to TRADOC.

ENCLOSURE B

WEAPONS OF MASS DESTRUCTION CIVIL SUPPORT TEAM

1. WMD-CST. WMD-CSTs are NG units designed to provide a specialized capability to respond to a CBRN incident primarily in a Title 32 operational status within the U.S. as established by reference a.
2. Mission. The mission of a WMD-CST is to support civil authorities at a domestic incident site during specified events, which include:
 - a. Use or threatened use of WMD.
 - b. Terrorist attacks or threatened terrorist attacks.
 - c. An intentional or unintentional release of nuclear, biological, radiological, or toxic or poisonous chemicals.
 - d. Natural or man-made disasters in the U.S. that result, or could result, in the catastrophic loss of life or property by identifying hazards, assessing current and projected consequences, advising on response measures, and assisting with appropriate requests for additional support.
3. Personnel. WMD-CST personnel are authorized to wear a distinctive patch to aid in rapid identification.
 - a. A WMD-CST consists of 22 ARNG and ANG personnel serving in Title 32, Full-Time National Guard duty status, also known as State Active Guard Reserve status.
 - b. The unit consists of six sections: command, operations, administration/logistics, medical/analytical, communications, and survey.
 - c. A WMD-CST is required to maintain a level of readiness that will allow for a rapid response within established timelines. The unit is specially trained and equipped to assist local, tribal, State, and Federal emergency response organizations with state-of-the-art equipment. They also have technical and analytical “reach-back” capabilities to help other experts assist with the local response.
 - d. The DA, TRADOC, ARNORTH, USARPAC, and JPEO-CBD provide assistance to NGB to institutionalize the WMD-CST program within DoD and Army processes.

GLOSSARY

PART I. ABBREVIATIONS AND ACRONYMS

AC	Active Component
AFSC	Air Force Specialty Code
ANG	Air National Guard
ARNG	Army National Guard
ARNORTH	Army North
ATN	Army Training Network
BER	Beyond Economic Repair
CAP	Corrective Action Plan
CBDP	Chemical and Biological Defense Program
CBRN	Chemical, biological, radiological, and nuclear
CG	Commanding General of the District of Columbia
CNGB	Chief of the National Guard Bureau
CNT	Countering Nuclear Threats
CoMSUPCEN	Consequence Management Support Center
COTS	Commercial-off-the-shelf
CRE	Chemical, biological, radiological, and nuclear Response Enterprise
DA	Department of the Army
DANG	Director of the Air National Guard
DARNG	Director of the Army National Guard
DoD	Department of Defense
DSCA	Defense support of civil authorities
EA	Executive Agent
EOC	Emergency operations center
FORSCOM	U.S. Army Forces Command
HCP	Health Care Provider
HQDA	Headquarters, Department of the Army
IAW	In accordance with
IC	Incident Commander
JFCOM	Joint Forces Command
JFHQs-State	Joint Force Headquarters-State
JMETL	Joint mission essential task list
JPEO-CBD	Joint Program Executive Office for Chemical and Biological Defense
JRO-CBRND	Joint Requirements Office for Chemical, Biological, and Radiological defense
METL	Mission Essential Task List
MSCoE	U.S. Army Maneuver Support Center of Excellence
NG	National Guard
NGB	National Guard Bureau
NGB-JSG	Office of the Joint Surgeon General

NGCC	National Guard Coordination Center
NGJS	National Guard Joint Staff
NG-J33	Current Operations Division
NG-J3/7	Directorate of Domestic Operations and Force Development
NG-J35	Future Operations Division
NG-J37	Joint Training and Exercise Division
NG-J39	Combating Weapons of Mass Destruction Division
NG-J4	Directorate of Logistics
NG-J8	Directorate of Resource Management and Comptroller
OIP	Organizational Inspection Programs
ORSITREP	Operational readiness situation report
OSD	Office of the Secretary of Defense
PPBE	Planning, programming, budgeting, and execution
RDA	Research, Development, and Acquisition
RMP	Response Management Plan
SEAT	Standardization, Evaluation, and Assistance Team
SecDef	Secretary of Defense
SITREP	Situation report
SOG	Standard operating guideline
SOP	Standard operating procedure
TAG	The Adjutant General
TDA	Table of Distribution and Allowances
TPA	Training proficiency assessment
TRADOC	U.S. Training and Doctrine Command
TRO	Training and readiness oversight
USARPAC	United States Army Pacific
USPFO/DOL	United States Property and Fiscal Office/Directorate of Logistics
VCNGB	Vice Chief of the National Guard Bureau
WMD-CST	Weapons of Mass Destruction Civil Support Team
YPG	Yearly Planning Guidance
