# HUMAN GOALS

Our Nation was founded on the principle that all individuals have infinite dignity and worth. The National Guard, with its State and Federal missions, must always be forthright and diligent in carrying out this principle. We must be respectful and supportive of individual needs, capabilities, and aspirations.

A well-trained, well-equipped, diverse, and inclusive National Guard is essential to the defense of our Nation. Soldiers, Airmen, and civilians of the National Guard serving the cause of freedom worldwide represent the best of America. Our National Guard personnel are entitled to serve in an environment that employs their talents, develops their potential, and recognizes their achievements. Our strong commitment to the National Guard team and their families must accurately symbolize selfless service. The leadership and commitment of the National Guard must instill the highest sense of pride in our people, their work, and the National Guard mission.

## TO ATTAIN THESE GOALS, WE MUST STRIVE TO:

**Attract** men and women with ability, dedication, and capacity for growth.

**Improve** morale and productivity through visible and active command programs of equal opportunity and regard for individual well-being and safety.

**Reflect** the demographic diversity in each State, Territory, and the District of Columbia, using innovative methods to recruit, train, retain, and promote the Guard's military members, technicians, and civilian employees.

**Foster** a culture that treats all members as full and equal partners on the National Guard team.

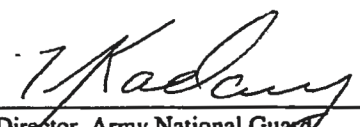

**Develop** tomorrow's Soldiers, Airmen, and civilians, consistent with the requirements of law.

**Make** the National Guard a leader in fair, equitable, and nondiscriminatory treatment of all its members regardless of race, color, sex, religion, national origin, or sexual orientation as well as age, disability, and genetic information for civilians.

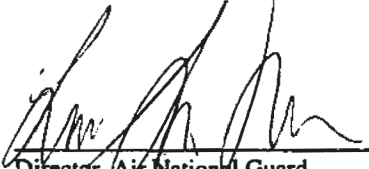

**Establish** an environment in the National Guard that recognizes people as its most important resource.

**Promote** an environment that encourages teamwork and constructive working relationships, employing the best available leadership practices, techniques, and tools for the continuous pursuit of excellence.

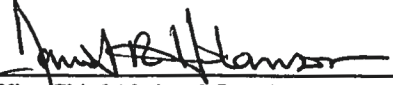

**Enhance** military and civilian job performance by establishing and maintaining community support and strengthening the partnership between employers and military leaders of the National Guard.
